This organization shall be made of persons of good moral and sober character who are genuinely interested in the sport or racing and building Micro Midget Cars. There is no age limit for membership into the club. All persons entering the pits under the age of 18 must sign a minor release form each week. Until a driver reaches the age of 18, he or she must have notarized permission from his or her parents to compete.

In consideration for being allowed to compete or otherwise participate or take part, the Participant, when he or she signs his or her name to this release voluntarily assumes all risk of accident, injury or damage to his or her person, property, or interests. The Participant by signing this form releases the Club and its owners, promoters, directors, officers, agents, servants, and employees from every claim, liability, or damage of any kind which the Participant might have because of personal injury or damage of any kind. This release of every claim, liability, or demand of any kind is effective whether the injury or damage is caused by any act or omission on the part of the Club, its owners, promoters, directors, officers, agents, servants, or employees. The Participant also agrees to indemnify the Club, its owners, directors, officers, agents, servants, and employees for any claim made against them on account of any injury or damage to person, property, or interest of the Participant which results from or is related to participation or taking part in any auto racing event, speed exhibition, or preparation for such participation.

The Participant understand that when he or she signs his or her name at the bottom of this release, that he or she is bound by the terms of this release and acknowledgement of risk no matter what kind of participation he or she has in the activities listed above.

The Participant releases liability and assumes the risk of death, injury, or damage to his or her property whether these things occur because he or she is a driver, a mechanic, a pit helper, or participates in any other capacity.

The participant states that before he or she signs this release and assumption of risk, that he or she has examined the track and the repair pit.

When the Participant signs this release and assumption of risk, he or she agrees to accept the conditions of all the facilities of the Club as he or she saw them during his or her examination.

The Participant states that he or she is in good health and does not have any medical problems, past or present, which would interfere with his or her ability to safely participate or otherwise take part in the racing activities which have been described above.
